

Juniors Jumbo Jackpot

Members Swipe Draw
TPL-PENDING

1. Only current financial members of South Sydney Junior Rugby League Club are eligible to win the prizes.
2. The promotional prize draw is held on Wednesdays at 7.30pm and 9.30pm (approx)
3. To enter, current financial members & associates (herein referred to as 'members') swipe their membership card in the entry terminal located on the first floor lounge area on Wednesday to receive an entry ticket. The machine will print only one ticket per evening per member. Members must swipe their own card through the entry terminal as membership cards are not transferable. Members cannot collect a prize on behalf of another member. All members must be present for the draw to win. In the event that a members card will not swipe or the machine is not working, manual tickets will be issued. Any member found with more than one ticket in the draw will be disqualified for that draw only.
4. Tickets for the draw will be available from 12 noon on the day of the draws and the last ticket issued will be 15mins prior to the last draw at which time the entry terminal will be programmed to stop printing tickets. The barrel will also be closed 15 minutes prior to each draw and will re-open after the first draw of the evening.
5. Draws will take place as close to the advertised times as possible and the member whose name is announced as the winner will then have 4 minutes to come forward and claim their prize. The announcements will be made over the clubs public address system on the first floor and ground floor only. Members wanting to participate in the promotion will have to be in these areas during the draw times to hear the announcements.
6. If the member is not present within the four minutes then another draw will take place until a winner is found.
7. When the draw winner is determined they will win \$250 in cash paid to them on the night. Each winner will then play for the jackpot amount.
8. The Jackpot amount starts at \$1000 and rises by \$250 after each draw if not won. The maximum jackpot amount is \$12,000 whereby when it reaches this amount the jackpot must be won and the jackpot will reset to \$1000 for the subsequent draw.
9. Winning the Jackpot

The jackpot amount is won by the successful draw winner (member) playing the jackpot bonus game - The Alphabet Jumble. The alphabet jumble is the 26 individual letters of the alphabet placed on ping pong balls. The way the jackpot is won is when one of the ping pong balls is drawn out in bingo style. This letter must match the first letter of the members SURNAME to win the jackpot. If it doesn't match, jackpot amount goes up by \$250. The members surname will be determined by how it is entered into the clubs membership database. If there is a dispute over a members surname it will be determined by what word is entered in to the Surname section of the clubs database.

10. Winning the Jackpot when it reaches \$12,000.

When the amount reaches \$12,000 it must be won on the following draw regardless of when it is. The draw will take place with the compere drawing out tickets in the following manner. Two names are drawn and the draw is done. If not won, then the number of

names drawn out increments each time by 2 until a winner(s) is found. Example

- 1 st Draw 2 members names
- 2 nd Draw 4 members names
- 3 rd Draw 6 members names
- 4 th Draw 8 members names
- 5 th Draw 10 members names

*These continue in increments of two until won

The draw is done in the same manner as the standard jackpot. An alphabet ball is drawn, if the letter matches one of the surnames the jackpot goes off. If it does not then new names are drawn and the process is repeated until a winner is determined. The tickets are not put back in the barrel once drawn out. If more than one name drawn out starts with the same letter eg Smith & Stephens these two people will share equally in the jackpot amount of \$12,000. The \$12,000 is split evenly with the number of names that are the same letter. The finalists will be asked to identify themselves within 4 minutes from the time of the draw before the draw proceeds.

Once all finalists are identified the jackpot draw can continue.

11. The prize of \$250 is not won on the \$12,000 jackpot draw.
12. Management's decision is final and no correspondence will be entered into.
13. Directors, Senior Management and staff on duty are not eligible to enter the above promotion.
