

Car Parks Removed and Traffic Conditions Changed

3rd April 2017

From Monday 3rd April, 2 of the 3 car parks on Anzac Parade will be fenced off. There are also significant changes to traffic flow around the club.

Construction work for the Kingsford Terminus began on the weekend with the installation of temporary barriers, fencing and hoardings around the two existing car parks nearest the Nine Ways Roundabout on Anzac Parade. As a result, there have been a number of changes to traffic and parking conditions around the Juniors. There may be further traffic changes in the future, however the following is a list of changes to traffic and parking following the closure of the car parks:

- The parking lane on the northbound carriageway of Anzac Parade is now a bus lane and 24 hour clearway (the traffic lane adjacent to the median is closed).
- The Light Rail construction site now occupies the northern and central car parks in the median of Anzac Parade between the Nine Ways roundabout and Sturt Street. The parking lane on the southbound carriageway has also been removed.
- A 50km/h speed limit has been introduced.
- Wallace Street is now closed between the northbound and southbound carriageways of Anzac Parade. The northbound carriageway of Anzac Parade can no longer be accessed via Wallace Street.
- Wallace Street can only be accessed from the southbound carriageway of Anzac Parade. This intersection of Wallace Street and Anzac Parade will permit left in/left out movements only.
- The signalised pedestrian crossing in front of the Juniors will be maintained.
- Anzac Parade will remain open during all work. Two traffic lanes will generally be maintained in both directions.
- Cyclists may continue to use existing traffic lanes. However, cyclists are recommended to use alternative routes away from Anzac Parade, especially in areas where construction has commenced.
- Buses on Anzac Parade will continue as normal for the initial stage of construction but may change in the future.

The map below shows the location of the 2 car parks on Anzac Parade which are no longer accessible, the location of an existing car park which will remain open and the location of a new car park which is almost ready to use!
