

Notification of traffic changes: Kingsford

In planning for Tomorrow's Sydney we are building a new light rail line to provide modern, reliable and sustainable public transport that will transform services from Circular Quay and the CBD, to Kingsford and Randwick via Surry Hills, Moore Park and Kensington.

This notification is for work taking place continuously between 10pm Friday 29 September to 5am Monday 16 October 2017. This is approved work that falls outside the standard working hours. Standard work hours are Monday to Friday 6am to 6pm and Saturday 8am to 5pm. Efforts will be made to minimise disruption to traffic and to maintain the safety of construction work, residents, businesses and the general public.

Details of work activities

A temporary traffic change will move the light rail worksite on Anzac Parade from **10pm Friday 29 September to 5am Monday 16 October** to install light rail track and kerbside drainage works at the following location:

- **Anzac Parade between Barker Street and Rainbow Street, Kingsford**

Night work will continue in the area for safety and traffic reasons. Work will include temporary relocation of the construction site, movement of barriers, line-marking, traffic signal adjustments and the establishment of new traffic arrangements.

Traffic and pedestrian changes

For the latest information on traffic conditions, visit livetraffic.com or download the Live Traffic NSW App.

The following traffic and pedestrian changes will be in place:

- The light rail worksite will divide the two northbound lanes on Anzac Parade from Gardeners Road to just south of Borrodale Road, Kingsford.
- The light rail worksite will occupy the eastern side of Anzac Parade from just north of Middle Street to Meeks Street.
- Traffic on Anzac Parade northbound will not be able to turn right onto Meeks Street or Middle Street.
- The bus stops north of Gardeners Road will be temporarily closed and relocated between Borrodale Road and Strachan Street from 4am 1 October.

Anzac Parade will remain open during all work and where possible two traffic lanes will be maintained in both directions. New traffic arrangements will be in place around the worksite. Construction speed limits may apply. Pedestrian footpaths will remain open.

Localised traffic control will be in place to assist motorists, pedestrians and cyclists with the new traffic arrangements. Access to buildings will be maintained.

Please note waste collection will be unaffected by these works.

Please note that there will be further traffic changes on Anzac Parade after this notified period. When required, traffic management will assist motorists, pedestrians and cyclists to move safely around the work. Impacted stakeholders will be notified in advance of any major changes to the traffic arrangement.
